

## II. Estimate the cooking.

Ingredient name	Hours	Cost/Hr	Subtotal
Stakeholder Interview	<input type="text" value="2"/>	<input type="text" value="200"/>	<input type="text" value="400"/>
Documentation	<input type="text" value="3"/>	<input type="text" value="250"/>	<input type="text" value="750"/>
User Flow	<input type="text" value="2"/>	<input type="text" value="200"/>	<input type="text" value="400"/>
Wireframes	<input type="text" value="5"/>	<input type="text" value="250"/>	<input type="text" value="1250"/>
Guerilla Testing	<input type="text" value="1"/>	<input type="text" value="200"/>	<input type="text" value="200"/>
Brainstorming	<input type="text" value="2"/>	<input type="text" value="150"/>	<input type="text" value="300"/>

Dear Client,  
If you want UX for the project, it will take around 15  
hours and it will cost a total amount of 3300.
